Lincoln is going to have a baby

will be pleased to see the friends of

"billy" goat prancing around in front
of their establishment.

The "sweet girl graduates" of the
class of '84 are now in a little flutter
of excitement over the coming com-
mencement exercises. One of the
most important features to the young
ladies is their dress, and they are
now worried over how it shall be
made and what kind of goods it shall
be composed of.

No other medicine is so reliable as
Ayer's Cherry Pectoral for colds,
coughs, and all derangements of the
respiratory organs tending toward
consumption. In all ordinary cases
it is a certain cure, and it affords
sure relief for the asthmatic and con-
sumptive, even in advanced stages of
disease.

If a well be poisoned, would be
those who drink thereof. It is worse
to poison the fountain of life for
one's self, and for posterity. Often
by carelessness, or misfortune, or in-
terference, this has been done. Ayer's
Sarsaparilla frees the blood, the vital
stream, and restores appetite,
strength, and health. d&w

Mrs. M. L. McDonald and assist-
ants will cordially welcome all who
may visit the annual opening of sum-
mer millinery next Tuesday, April
25th, until May 1st, and will take
pleasure in showing the many beau-
tiful articles of headgear designed
and made by Miss Morgan, Mrs.
McDonald's Chicago trimmer. d&w

Excursion Agent Penniwell return-
ed home yesterday from Kansas,
whether he went a few days ago with
a party of western pilgrims. He says
the C. & A. have put on a splendid
train for the accommodation of their
patrons going west, and he will glad-
ly furnish all information concern-
ing the best routes west to persons
who will call on him at his office, 135
East Prairie street.

The prospect for wheat is improv-
ing daily and with continued favor-
able conditions for a time the farmers
of the county will smile when asked
as to the outlook for the growing
crop. Pastures and meadows begin
to show the effects of the warm sun-
shine of the past few days, and stock
begins to find some satisfaction in
bunting for a bite of grass.

"Dot Leedle German Band" struck
town yesterday afternoon, and dis-
coursed some very good music on the
streets. It consists of seven pieces,
and the business is made to pay by
taking up a collection. Their ap-
pearance on the street was hailed
with delight by the boys, who follow-
ed them around in high glee.

Mrs. W. Riggins, of Dalton City,
and Miss Jennie Noble, of Todd's
Point, have opened a fine stock of
millinery goods at Dalton, and are
prepared to supply the wants of cus-
tomers with the latest styles and
finest quality of goods. Both ladies
are practical and experienced mill-
ners, and feel confident of their abil-
ity to please the most fastidious. d&w

Yesterday was the biggest day of
the season at the immense carpet
house of Abel & Locke. Their store
was thronged with customers from
"rosy morn until dewy eve," and the
carpet they sold would almost girdle
a little world! They have a large
and judiciously selected stock of car-
pets, wall papers, window shades, oil
clothes, etc., and they sell cheap.

This accounts for the immense busi-
ness they do.

To-day and to-morrow will be the
grand opening days at the popular
millinery establishment of Miss S. C.
Watson, in the New Haworth Block.
Her stock is large, her variety exten-
sive, her styles the latest and most
beautiful, and her prices as low as
possible consistent with the quality
of goods. The ladies should not fail
to see her grand display to-day and
to-morrow. 201f

Our valued Macon correspondent
informs us that Dr. James Conover,
one of the most prominent and suc-
cessful veterinary surgeons in Cen-
tral Illinois, has discovered glanders
among horses in that vicinity. We
presume the attention of the state
veterinarian will be called to the mat-
ter at once, and that prompt mea-
sures will be taken to prevent the
spread of the malady.

Miss S. C. Watson announces to
her female friends and the public
that she will have her grand spring
opening at her fine and spacious es-
tablishment, in the New Haworth
Block, on Wednesday and Thursday
evenings of this week. Her stock is
the largest, her variety the greatest,
her styles the latest, and her work
the finest to be seen in Decatur.
Don't fail to see her grand opening,
Wednesday and Thursday next. 201f

Commencing with to-day, passen-
gers who do not purchase tickets at
the P. D. & E. offices before entering
the train, will be charged ten cents
extra, to the conductor who
will give a receipt for the amount.
Formerly passengers were given a
relate ticket for the extra ten cents
charged, which they could have cash-

ed any office on the line, but the
company has decided to do away with
this system, and retain the extra ten
cents.

I. O. Eymann, who was for a short
time a paribor of L. C. Thompson in
the board of trade, appeared before
Squire Lowry yesterday, and caused
an attachment to be issued for
Thompson's effects. He claims that
Thompson owes him something over
\$25. Gorin, Dawson & Co. have a
claim of \$48 against him, and a farm-
er from the vicinity of Boody is said
to be out \$112 on him.

S. S. Richardson, the well known
fancy roller skater, has just returned
from a successful skating tour
through Iowa and Nebraska. He has
been absent several months, and
there were very few nights that he
was not on skates. His exhibitions
consisted of the execution of the
most difficult figures, and the remark-
able feat of skating on stilts. The
press of the various cities he visited
paid him high compliments on his
ability. He will most likely remain
here for the present.

Messrs. D. W. Breunerman and J.
R. Kace have completed all arrange-
ments, and leased the hall commonly
known as the Guards' Armory, to E.
D. Bartholomew & Co., who will use
it as a display room for their whole-
sale stock. They will take possession
to-day, and will pay an annual rent
of \$400. This will leave the Guards
without an armory for the present at
least. The lease is for a term of five
years, and the change in tenants is
made on account of an increase in
rent, and also because the halls held
there are calculated to shake the
building to a considerable extent.

The draymen gave a ball there last
evening, which will be the last one in
that room for a number of years.

The best joke of the season was
perpetrated at Sullivan last Sunday
night. Burglars entered the resi-
dence of States Attorney Shinn and
City Marshal Jas. T. Taylor, carry-
ing off the latter's watch and a knife,
and Mr. Shinn's best suit of clothes,
a revolver, and a small sum of money.

This action of the "bold burglars" is
a rather severe commentary on the
vigilance of these worthy guardians
of the people's peace and security,
and at the same time well calculated
to impress them with the importance
of their official positions. Why they
should have singled out those two
worthies in a city the size of Sullivan
is what the people don't seem to un-
derstand, and Messrs. Shinn and
Taylor will have a good deal of
trouble in "explaining it away."

Frank McCormick, who is working
on the trench being dug from the
First M. E. church to Mr. P. Loe's
new building, had a narrow escape
from being buried alive yesterday
forenoon. The trench is deep and
narrow and while McCormick was
working in it, a street car passed and
from the jar caused by it, the side of
the trench caved in. McCormick was
buried up to his neck with sand and
gravel, and his dangerous situation
caused his fellow workmen consider-
able alarm. Peter Lynch hurried to
McCormick, and dug a good portion
of the dirt away from his body, when
a rope was placed around him, and
he was pulled out, pale and weak, but
not seriously injured. He resumed
work in a short time after the acci-
dent occurred. The sides of the
trench have been braced up, and no
more trouble is anticipated.

W. A. Bridges is not only a prac-
tical painter, decorator and paper
hanger himself, but he has four first-
class decorators, all of whom have
worked in large cities, and thorow-
ly understand their business. He
makes no extra charge for designing.
He has also men for plain hanging
who are practical paper hangers, not
boys, but first-class workmen who can
work over carpets and furniture with-
out any fear of damage. He does all
kinds of work in his line—from the
plainest to the very best. He will
calcimine, paint or paper your rooms
after the carpets are put down, and
no fear of damage. In connection
with his paint shop, he has a paper
and paint store filled with a complete
line of goods in his line. The best
of paints and oils, and the latest and
best designs in paper. No old goods.
He will sell them, too, not only as
low, but from ten to fifteen per cent.
cheaper than they are sold by other
houses. Call and see and be con-
vinced.—W. A. Bridges, 215 North
Main St., 2d door north of Brewer's
bakery.

Mrs. E. D. Johnson.

Desires to call the attention of the
ladies of Decatur to the Self Instruc-
ing System of fitting garments—as
useful as the sewing machine is for
making them—it will enable all
ladies who do cutting and fitting to
do five times the amount of work pos-
sible to be with any other system,
and do it better. I will give ladies
attention from 12 to 2 o'clock, p. m.,
and from 6 to 8 in the evening, at the
New Deming Hotel, up to Saturday
noon, and will return again May 12th
for one week. No charge for instruc-
tion. 201f

Birthday Surprise Party.

The young friends of Miss Laura
Abbott surprised her at her home,
No. 758 West King street, last even-
ing. A delightful time was enjoyed
by the young folks, who remained
with their young hostess until eleven
o'clock. They did full justice to the
elegant supper served for them.

Those present were Misses Laura
Abbott,
